## PROFILE

Front-End developer with entry-level expirience.

I am an enthusiastic, dedicated, self-motivated, responsible and hard working young person, ready to expand the set of my skills. Motivated to learn and grow in Web development and not only.

I'm interested in working in various scales and areas of projects and tools. I have 8 months of experience in designing, developing and maintaining front-end applications.

More about my work and projects I've worked on you can see in my portfolio.

Some of the technologies that i have experience with:

- *HTML*
- *CSS*
- *JavaScript*
- *ReactJS*
- *TypeScript*
- *Redux*
- *Axios*
- *Git*
- *Tailwind CSS*
